

DOWNLIGHTS FOR SURFACE APPLICATION

TURBO CILINDER C (Chrome) TURBO CILINDER B (White)

Same as "CILINDER" series but including Turbo Reflector.

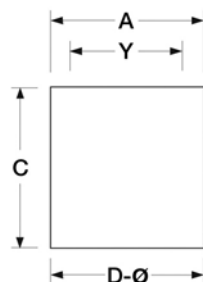

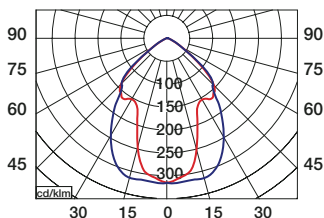

TURBO PARABOLIC REFLECTOR: Open reflector features a six segmented anti-glare louvre optic. Made of pure aluminium, silver coated by vapour deposition. Louvre optic reduces glare to <math><200\text{cd/m}^2</math> at 55° suitable

for VDT workstations. Meets CIBSE LG3 category I. Reflector is precision formed to render very high light efficiency.
