

Waterproof fittings

**LUMINAIRE HOUSING:** Modern design with High Out-put.

Made of Injected Reinforced ABS, stable, protected to UV radiations with high stability and mechanical resistance. Finished in grey colour with efficient polyurethane gasket which is injected into the body to achieve protection IP65.

Body can be fixed directly to the ceiling by screws supplied on luminaire or with steel bracket system also included.

According to norms EN-60598.

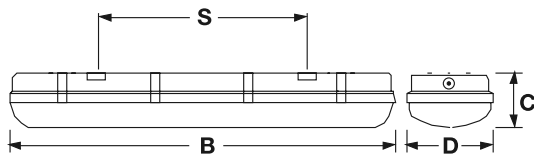

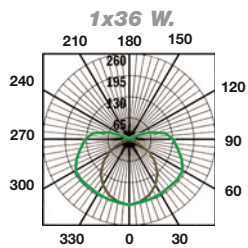

**REFLECTOR:** Made of galvanized steel sheet and lacquered in white epoxy-poliester by thermohardening polyurethane powders, stabilized, proceeded by washing and phospho-cleaning of the surfaces.

Hanging system for reflector is included on the luminaire.

**DIFFUSER:** Injection moulded polystyrene, clear prismatic with internal longitudinal stripes. UV protected.

The diffuser is fixed to the body through Fixing clips.

**ACCESORIES:** Inox fixing clips on request (REF. ONIX/INOX).
