

T-5 Suspended Low Luminance Luminaires

Minimalist designed luminaires with low profile for either direct or direct-indirect lighting distribution.

The luminaire EVOLUTION can be assembled directly on ceiling or suspended version. Recommended for space where a medium luminous intensity is needed, VDT, workspaces, halls, etc.

LUMINAIRE HOUSING: Made of steel, electrostatic powder coat finish in white colour (RAL 9003) or under request in grey colour (RAL 7001).

According to norm ENEC-10/VDE.

OPTIC: Double parabolic louvres made of aluminium, polished and anodized, glare free.

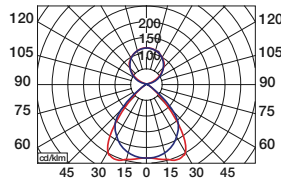

Direct Light distribution is standard (aluminium reflector covering the top openings).

Direct-Indirect light distribution is under request.

SUSPENSION SYSTEM: In 1250 mm. cable length.

FOR CONTINUOUS LINES: SEE PAGE 15.
